

BEYOND GOVERNMENT FUNDING

How Your Support Makes the Difference

1. THE MISCONCEPTION

- ✗ Bethesda receives government funding, so donations aren't essential.
- ✓ Reality: Government funds are restricted to specific services for individual recipients, leaving key needs unfunded.

2. WHAT GOVERNMENT FUNDING COVERS

- ✓ Individualized support services for people eligible for CLBC* funding
- ✓ Staff wages for direct support and administrative support
- ✓ Some basic housing needs and vehicle expenses

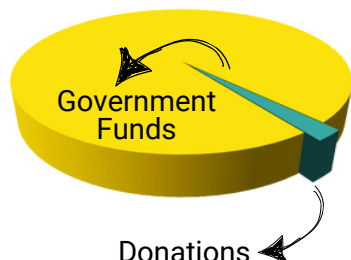

*CLBC, or Community Living BC, is the provincial agency responsible for adults with intellectual and development disabilities. Other funding sources: BC Housing, MCFD, Fraser Health

3. WHAT IT *DOESN'T* COVER

And Where Donations Step In

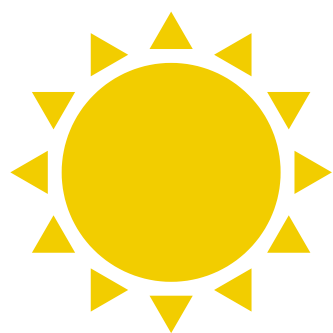

- Support for families
- Summer camps
- Services for people not eligible for government funding
- Crisis support (respite)
- Intentional community buildings and vehicles

4. SMART STEWARDSHIP

Stewardship is a core Bethesda value.

- ✓ Fiscally responsible decisions allow us to deliver high quality care while optimizing our resources.
- ✓ Reciprocal relationships with business and community partners.
- ✓ Discernment of capital planning initiatives and operational efficiencies that reduce overhead administrative costs.
- ✓ Use of cost-saving strategies to create construction cost efficiencies.

5. IMPACT ON RECIPIENTS

Matt's involvement with Bethesda and in going to camp [Bethesda] has been hugely positive.
